

# Take Your Practice Online

The time is right for **e-Career Counselling** in your organization! Training Innovations will work with you to launch your e-Career Counselling practice.

It's as easy as 1, 2, 3...

**Our Service includes:**

## STEP 1

### Use of our e-Career Counselling Technology

- ▶ Designed specifically to support e-Career Counselling and personal skill development.
- ▶ Private web-based environment that gives clients all of the essential tools to communicate directly with you.
- ▶ Secure and easy to use counsellor dashboard.
- ▶ We host the technology making it cost effective for you.

## STEP 2

### Pre-built or Custom-built Online Career Modules

- ▶ Modules are easy to navigate and contain videos, activities, resources and reflective questions.
- ▶ Modules can be used as short e-Workshops or in a series for more in-depth counselling experiences.
- ▶ You can work with our eLearning Consultants to build your existing face-to-face materials into modules for use in the online environment.
- ▶ Materials will be regionally targeted to local labour markets and can be geared toward: youth, adults, immigrants and other participant groups.

We have modules and expertise in the areas of:

- ◎ Career Planning
- ◎ Job Search
- ◎ Online Portfolio Development
- ◎ Workplace Integration
- ◎ Workplace Culture
- ◎ Practicum Learning Support
- ◎ Communication and Problem Solving

## STEP 3

### e-Career Counselling Training

- ▶ Learn essential e-Career Counselling skills taught in our online format by our experienced career practitioners.
- ▶ Develop best practices for managing your new online service.
- ▶ Receive coaching from our staff as you deploy your new online materials and services.

**Training Innovations** offers services to career agencies, practitioners, colleges and organizations who can benefit from our 10 years of research and successful delivery experience. Contact our Learning Consultants today for information about our consulting services.
